EXPERIENCE

THAAGAM FOUNDATION, CHENNAI | PYTHON DEVELOPER

March 2024 -- Current

- Built dashboards and web apps using Python, Django, MySQL, HTML5, CSS3, and JavaScript with CRUD functionality and REST APIs.
- Created a custom song platform with real-time chat using WebSockets and WhatsApp integration for enhanced user interaction.
- Developed a secure client platform featuring a REST API, encrypted storage, and user-friendly interface.
- Designed a non-profit management system to handle donations, projects, and user engagement efficiently.

UNIQ TECHNOLOGIES | PYTHON DEVELOPER INTERN

July 2023 -- January 2024

- Worked on a real-time chat application with Django WebSockets, ensuring instant messaging and backend chat history storage.
- Built responsive interfaces with HTML5, CSS3, and JavaScript.
- Created a scalable e-commerce website with a search bar and dynamic product details for better user experience.

PROJECTS

ACUSTOMSONG | CUSTOM SONG PLATFORM

- Built a platform using Django and MySQL where users can customize songs based on their stories.
- Integrated real-time chat with WebSockets and WhatsApp notifications for updates.
- Designed a REST API and dashboard for data visualization to streamline interactions.

CNCLLP | FINANCIAL MANAGEMENT SYSTEM

- Built a secure client platform with Django and MySQL.
- Featured a dashboard for managing financial information with data encryption and interactive usability.

LIVE CHAT PLATFORM | REAL-TIME MESSAGING SYSTEM

- Developed a real-time chat platform using Django WebSockets for instant communication.
- Ensured backend storage of chat history with robust data handling.
- Designed a responsive and dynamic user interface for seamless interactions.

E-COMMERCE WEBSITE FOR PRINTER CARTRIDGES | WEB DEVELOPMENT PROJECT

- Built a responsive e-commerce platform for printer cartridges using HTML5, CSS3, JavaScript, and Django.
- Implemented search functionality and dynamic product details for enhanced user experience.
- Optimized backend with MySQL for scalability and performance.
